Summary

Enthusiastic **Artificial Intelligence and Machine Learning** student with a love for coding and a keen interest in sales and marketing. Trying to adapt to AI/ML concepts paired web development for better .

Enjoys creating innovative solutions and tackling challenges, while also learning to craft and execute marketing strategies. Strong **communication skills** and a liking for building relationships, aiming to blend technical knowledge help me grow better.

Education

BTech in Artificial Intelligence and Machine Learning,   2023 - Present
Dwarkadas J.Sanghvi College of Engineering
SCGPA: 9.33   **Coursework:** Java,C,Foundations of AI,Python

Skills

Languages: C++, C, Java, JavaScript , Html ,CSS , Python

Frameworks: React.JS

Experience

Member, DJS Skylark   May 2024- Present
- Joined DJ's Skylark SAE team to satisfy my passion for building things. I've learnt about various concepts of Aero-Design, thus expanding my knowledge.

Student Ambassador, Plan Foundation   July 2024 - July 2024
- Worked at the organisation for their campaign "Start A Little Good" revolving around waste management.

Project Intern, Bharat Intern   July 2024 - August 2024
- It is a virtual internship, helping students to reach their potential in web development by creating exquisite projects

Projects

Weather Info Site   github.com/WeatherApp
- This simple and intuitive application allows users to get real-time weather information for any city in the world. Built using only HTML, CSS, and JavaScript, this app fetches data from a weather API and displays it in a user-friendly interface.

Card Game   github.com/Cards
- This was my first project. Goal of the Game: Make a pair of similar valued card. You would be playing a computer in this game

Portfolio Site   github.com/Portfolio
- This project showcases my skills, projects, and experiences in a dynamic and interactive format. Built with React.js, this portfolio aims to provide a comprehensive view of my professional journey and achievements.

Additional Experience And Certificates

Synergy 1.0 (Hackathon):   github.com/Hackathon

Problem Statement:Automated file organisation and management system for Construction Files
